

## **Graduate College Events**

The Graduate College has numerous events each year to help integrate students to their roles and responsibilities as graduate students and to provide a stepping stone towards the direction of their future careers.

### ***3-Minute Thesis***

Held mid-fall semester annually is a thesis competition that is an elevator speech of your research and/or creative work. Learn more about this year's 3MT using the link below:

### ***Graduate College Workshops***

There will be several workshops throughout the school year that are tailored to library research, working with human subjects, assessment, and more. Keep up to date with workshop dates and details using this link <https://graduate.missouristate.edu/currentstudents/Workshops.htm>

### ***Einhellig Interdisciplinary Forum***

The IDF is a place where students can share their creativity and research through oral, poster, and performance presentations. These presentations are designed for a mixed audience, so jargon is minimized and explanations are clear. Learn more about this year's IDF using the link below:
